Our Merchants!

The growth and development of any community depend to a large extent upon the character and progressiveness of its merchants.

A city chooses its merchants, for only those whom the people patronize can afford to remain in business. The man who does not "play fair" will, sooner or later, be found out and forced to quit. The honest merchant who knows his business and sticks to it is bound to succeed.

This community is fortunate in having its mercantile business in the hands of high class men. No finer body of business men can be found anywhere in the world than those with whom our people have the privilege of dealing daily.

THE BEGINNING OF A BANK-NOTE

Little Marcia's baby dress though made of the finest linen was ultimately worn threadbare. One day it landed in the rag bag and was sold to the junk dealer. When the rag sorter touched the discarded garment he detected in a flash the fine quality of the flax and set it aside for a journey to the Bureau of Engraving and Printing at Washington. Eventually it became legal tender—a bank-note. Just how is told in one of the beautiful booklets about Our Government which we are sending each month to those interested.

Just send us your name and address and you will receive a copy of every issue of the series without charge.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

BUICK

Emblem of Satisfaction

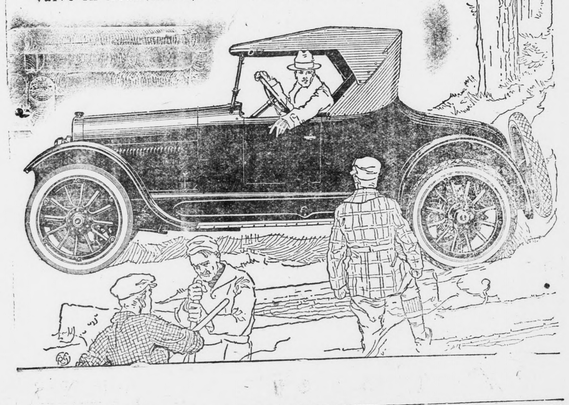
SURENESS of operation, power for hard, fast travel over all kinds of roads, capacity to stand up, are developed to the highest degree in the new Nineteen Twenty One Buick Series.

For two decades, Buick engineers have built Buick cars on these sensible lines for buyers who look upon the motor car as a business utility.

Each of the new models is equipped with the Buick valve-in-head motor,—a guarantee of power and positive performance.

With its capacity for service, Buick combines striking beauty. In resilience of spring suspension and appointments that make for riding comfort the new models are especially appealing.

In the new Buick three passenger roadster, you will find a car which meets every requirement for sure, swift, comfortable transportation for every business man.



WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

Lumber Back to Normal.

LUMBER has reached a price-level where its value bears the true and proper proportion to the value of the products you farmers raise and sell. In other words, prices today on lumber are consistent with prices on farm products.

THERE'S NOTHING MYSTERIOUS about it—just the old law of supply and demand—and a willingness on our part to play fair with our customer friends by reducing our prices to a point where you can afford to buy.

RIGHT NOW your problem may be a barn, a shed or other building necessary to help you do your work better, more quickly or more economically. Or it may mean a new home, or repairing and remodeling the old one.

BRING YOUR PROBLEM TO US—Let us show you the facts. We have many plans and suggestions, some of which you can probably use, and our friendly counsel and assistance won't obligate you in any way.

Come in the first convenient day and let's talk it over.

TEETH EXTRACTED AND FILLED WITHOUT PAIN

By the Use of Laughing Gas—Vitalized Air.

Nervous people and those who dread having their teeth extracted or filled are invited to call at our office, where we will demonstrate to their entire satisfaction our claim to painless denistry.

All those who are wearing bad fitting artificial teeth will be glad to hear that the Baltimore Dental Association has invented a Flexo retainer for holding artificial plates, firmly in position in most difficult cases. This new retainer prevents the teeth from dropping while eating or speaking.

So make a date with the Baltimore Dental Association and save those teeth put in first class condition or get a new set with our new retainer.

We are not in the Lynchburg Dental trust of high prices and our low prices enable everyone to have their dental work done we, do not charge for extracting only as a deposit which goes on the price of a new set when ordered.
